

The Fraser Valley Symphony Society is a non-profit organization registered with the BC Government under the Society's Act. This is our 42nd year performing in Abbotsford. Our purpose is to promote and help further the development of orchestral music in the Fraser Valley; to provide local musicians with an opportunity for participation and allow them to pursue their musical interests; to present concerts four times each year for the enjoyment of the public.

As our membership ages and people move on, we have found ourselves short of players in several sections this year. We would particularly like to encourage youth playing orchestral instruments at a higher level of playing to check us out.

We meet to rehearse every Monday at Rick Hansen Secondary 7:15-9:45, under the baton of our Director, Lindsay Mellor.
